Commissioner for Patents  
U.S. Patent & Trademark Office  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

An Amendment (attached as Exhibit A) was filed February 10, 2003 “to perfect applicants’ claim of priority/benefit to an earlier U.S. application.” Exhibit A, p. 2. The Amendment stated that

This application is the U.S. national phase of PCT application number PCT/US00/23476, filed August 25, 2000, which further claims priority to U.S. patent application serial number 09/382,581, filed August 25, 1999.

Exhibit A, p. 2, (emphasis added).

The phrase “further claims priority” does not appear to be a proper claim of priority.

A continuing application (Application No. 11/251,980) of the instant application was filed on October 17, 2005. A review of the family history of the continuing application revealed the above apparent improper priority claim.

Applicants' Attorney requests that the Amendment submitted herewith be entered to correct the above identified issue.

Please charge any fees or credit any overpayments as a result of the filing of this paper to our Deposit Account No. 02-3978.

If there are any questions or concerns, please call the undersigned to discuss.

Respectfully submitted,

**PAWEL W. SLEBODA ET AL.**
